## Our CPD Philosophy and Approach:

- Our CPD Programs address knowledge and skills gap identified through detailed Training Needs Assessment research among the Focus Group targeted for the specific training program
- All our programs are developed through a Collaborative Design by experts who possess a minimum of 15 years' proven relevant hands-on experience
- Delivery is achieved through practical case study participation approach applying techniques best suited for adult learners
- We embrace post training follow-up assessments to confirm customer satisfaction and beneficial impact realised at your workplace as a result of the successful implementation of what you learnt at CPD training
- We recognise and embrace the concept that you and your organisation may have unique training needs. GPA will develop customised and tailor-made CPD training programs addressing your identified Training Needs. The objective is to improve productivity and close any knowledge and skills gaps at your workplace to avoid pitfalls and eliminate Appeals against your Procurement decisions.

## Volume Discount Package Offers:

We take cognisance of the fact that as supply chain practitioners, you always negotiate for more value for each spend you incur! GPA will discuss your annual or group training plans and offer you our structured attractive discount packages.
